Rahul Wadhwa

Senior Full Stack Engineer · React · Java · Spring Boot · Cloud & LLM/RAG Integration

Faridabad, Haryana +91-99538-06038 rahulwadhwa238@gmail.com linkedin.com/in/rahulwadhwa238 github.com/rahulwadhwa238

PROFILE

Senior Full Stack Engineer with **6+ years** in delivering scalable enterprise software and platforms using **React.js, Java and Spring Boot** with distributed systems and microservice architecture leveraging AI-assisted development tools (including **OpenAI Generative model, Github Co Pilot Agentic model, MCP and RAG integration**) for tasks like POC, code reviews, assisted development, debugging and documentation. Led end-to-end delivery of enterprise modules serving vast user base, with ownership across **API gateway security, biometric authentication, and CI/CD pipelines writing code, test cases and reviewing PR**. Proven track record improving conversion, compressing release cycles, and mentoring engineering teams.

EXPERIENCE

Senior Full Stack Engineer

Jul 2026 – Present

Innodata Cloud · Backend · AI

- Deploy and troubleshoot applications on **AWS EC2** using secure SSH/SCP access, while monitoring application health and deployment status.
- Build and integrate **Python-based LLM and Retrieval-Augmented Generation (RAG)** workflows for document processing, contextual retrieval, and AI-enabled application features.
- Develop and enhance backend services using **Java and Spring Boot**, focusing on maintainable code, service reliability, and scalable architecture.

Senior Consultant – Technology Consulting

Dec 2022 – Jun 2026

Ernst & Young (EY), Gurugram Fintech · Enterprise

- Built and enhanced **three digital banking modules** covering savings accounts, transactions, and passbook workflows using React.js and Spring Boot microservices for a platform serving **30K+ daily active users**.
- Integrated face and biometric authentication into onboarding flows; to streamline digital onboarding and reduce manual KYC effort.
- Improved API security using **Kong, Nginx, and Spring Security** with JWT and OAuth 2.0; to strengthen API protection and support secure customer journeys.
- Used AI-assisted development tools, including Claude Code and GitHub Copilot, for code analysis, pull-request reviews, and test generation to support faster development and more consistent code quality.

Software Engineer

Mar 2021 – Nov 2022

TechAhead Corp, Noida Product · Services

- Delivered **five production React applications** and integrated REST APIs with Java/Spring Boot services across projects using AWS, Docker, and Kubernetes.
- Improved frontend performance through component architecture, Redux, React Router, memoization, lazy loading, and code splitting; page-load time improved by **35%** .
- Facilitated weekly code reviews for a six-person team and introduced linting standards and pull-request checklists.

Software Engineer

Jan 2020 – Feb 2021

Grazitti Interactive, Panchkula SaaS · Enterprise

- Delivered customer-facing features using Spring Boot and React Native across **four major releases** for enterprise SaaS clients.
- Used Mixpanel and Kibana to investigate application bottlenecks and support three product fixes.

KEY PROJECTS

Airtel Payments Bank

Digital banking workflows for savings accounts, passbook, and re-KYC, built with React.js and Spring Boot; platform serving 30K+ daily active users.

HANY

On-demand platform with booking, payment, and tracking workflows.

Aquatherm FieldPro

Offline-first React Native application with asynchronous timers and push notifications.

CatchAll

Social discovery application built with React Native and Google Places API.

SKILLS

FRONTEND

React.js · Next.js · React Native · Redux · TypeScript · JavaScript · Tailwind CSS · React Router

BACKEND

Java · Spring Boot · Spring Security · JPA / Hibernate · REST APIs · Spring AI · Kafka · Microservices

CLOUD & DEVOPS

AWS EC2 · AWS · Docker · Jenkins · CI/CD · Kong · Nginx · Kubernetes · Linux / SSH / SCP

DATA

MySQL · Oracle SQL · MongoDB

AI & TOOLING

Python · LLM Integration · RAG · MCP · GitHub Copilot · Claude Code

EDUCATION

B.Tech — Computer Science

Lingaya's Vidyapeeth, Faridabad
2016 – 2020

GPA 8.5 / 10
